TrekIndia — 100 Trekking Gear Products | All Links in Text

Every URL below is printed as selectable/copyable text. Amazon India and Flipkart India URLs are search URLs generated from the product name; official/brand URLs are the source URLs used for the candidate list. Before importing prices into the TrekIndia database, verify the exact Indian SKU/variant and current availability.

Data rule: Do not treat a marketplace search URL as proof of a current listing. For the final database, replace it with the exact product-page URL after verification and store the real current INR price. If a platform has no matching India listing, leave that platform's price and URL NULL.
