

TrekIndia

50 NEW North India Trekking Companies & Operators

A fourth, non-overlapping operator set focused on Uttarakhand, Himachal Pradesh, Ladakh and Kashmir. The list emphasizes operators connected with Himalayan trekking, high-altitude routes, alpine lakes, passes and expedition-style trails.

Focus	Uttarakhand • Himachal Pradesh • Ladakh • Kashmir / Western Himalayas
Uniqueness	The company names in this PDF are intended not to repeat the 150 operators from the previous TrekIndia company PDFs.
Source quality	Government tourism directories were used to identify registered trekking operators. Where a standalone operator site could not be confidently verified, the entry is marked for later URL verification rather than inventing a URL.

Operator Directory

1. Trekmount	https://trekmount.com/
Region	Uttarakhand
Representative treks / routes	Kedarkantha • Har Ki Dun • Dayara Bugyal • Brahmatal • Nag Tibba • Kuari Pass

50. Chamba Adventure	https://chambaadventure.com/
Region	Chamba / Himachal Pradesh
Representative treks / routes	Manimahesh Kailash • Sach Pass • Bara Bhangal • Kugti Pass • Chamba valley trails

TrekIndia Mapping Recommendation

North India has a particularly large ecosystem of registered trekking and adventure operators. Uttarakhand's official portal currently lists hundreds of tourism operators and identifies mountaineering & trekking businesses; Himachal Tourism likewise requires adventure operators to be authorized/registered. Ladakh has separate adventure-tour-operator registration guidelines.

Field	Recommended value
company_id	Unique company record
trek_id	Existing TrekIndia trek record
official_site_url	Operator's own verified website
specific_trek_url	Exact operator page proving the route
operator_trek_name	Exact route name used by operator
region	State / UT / trekking region
operator_type	Trekking agency / adventure operator / local expedition company / ecotourism
verification_status	verified / needs_review / unavailable
last_verified_at	Date of last verification

Research Notes

- Uttarakhand Tourism's current operator directory contains 297 operators and explicitly categorizes many as Mountaineering & Trekking; this is a strong source for discovering local operators.
- Himachal Tourism identifies major routes including Indrahara Pass, Beas Kund, Chandratal, Kinner Kailash, Kareri Lake, Pin Parvati, Bhawa Pass, Friendship Peak, Hampta Pass, Sach Pass and Bara Bhangal, and advises trekkers to use registered agencies.
- Ladakh Tourism currently highlights Markha Valley, Rumtse-Tso Moriri, Sham Valley and Chadar as trekking destinations. The UT also has dedicated adventure-tour-operator registration guidelines.
- Kashmir operators in this list include dedicated local companies currently publishing Great Lakes and Tarsar Marsar departures. Kashmir Treks, for example, currently lists 2026 Great Lakes and Tarsar Marsar departures.
- Some names in the Uttarakhand/Himachal directory have been identified through government registration records; if a standalone website cannot be independently confirmed, TrekIndia should keep the operator record but set `verification_status` to `needs_review`.

Prepared for TrekIndia • 16 August 2026 • Research reference; route availability, permits and operator registration should be rechecked before production display.
